2. DESCRIPTION OF SERVICES

Company will provide the following Services either directly or by acquiring them from third parties:

2.1 Application Hosting Services. Company will provide to Licensee the Licensed Software over the internet as a software-as-a-service (SaaS) from Company’s or Company-retained third-party data center to the publicly facing internet connection IP address. Company will provide access to a single instance of the software application as specified in Exhibit A. Additional instances are excluded unless specified in Exhibit A. The Activation date for the Licensed Software will occur within fifteen (15) days (or as agreed to in writing between the Parties) after the execution of this Agreement, provided that Licensee timely supplies all necessary information to Company.

2.2 Service Levels. The production instance of the Licensed Software will be available from the web application server 99% of the time excluding Scheduled Maintenance, Priority Downtime, and Emergency Suspension (as described elsewhere in this Agreement) to perform server and data center maintenance or other updates as determined by Company. Response times are commensurate with the user’s connection speed; for example, an average response time of a 1 MB file with a user connection speed of 1.544 Mbps would be seven (7) seconds that may vary based on a user’s computer speed, hardware, memory, diskspace and specifications. The application web service is defined as an http or https response from Company’s server to the gateway IP address externally available to the Internet. Company will use commercially reasonable efforts to ensure the reliability and availability of SaaS Services under Company’s control; however, due to internet complexities, specific user’s hardware, operating system, processing speed, computer memory, internet connection, and items beyond the control of Company, Company cannot guarantee or warrant any specific level of availability to a user’s computer. In the event there is a documented outage reported by Licensee and confirmed by Company and the Service Levels have not been met, Company shall issue to Licensee a credit in accordance with the purchased Service Levels. In no event will Company’s maximum credit or liability to Licensee or

any third party exceed the equivalent of the license fees paid for the month in which the outage occurred. Service Levels obligations and credit requirements shall apply only to production instances of the Licensed Software.

2.3 Emergency Suspension. For emergency purposes, Company shall have the right to temporarily suspend Services to apply emergency fixes and support at any time as deemed necessary by Company.

2.4 Maintenance Support. Company will provide support to Licensee related to the Licensed Software product features. This will consist of responding to support tickets as reasonably required to make Licensed Software perform as per its Documentation. Unless other support levels are purchased, the standard hours of support are 9:00 AM to 6:00 PM Monday through Friday (Eastern Time U.S.A.), exclusive of United States federal holidays. Maintenance support will be provided in English unless translation services are specifically purchased in Exhibit A. Maintenance support excludes training, formal consulting services, and specific work relating to Licensee without an approved work order unless specifically purchased in Exhibit A. All other services will be provided on a fee basis.

2.5 Additional Services. Professional Services as purchased in accordance with Exhibit A shall be delivered based on the hours or items purchased and as per the requirements stated in Exhibit A. Scheduling for such Professional Services will be mutually agreed to between the Parties in advance and may be changed as mutually agreed to between the Parties. Any items not purchased in Exhibit A are specifically excluded from any deliverables. Charges for additional products or services as set forth in any subsequent purchase order or change order shall be as set forth in that agreement and subject to Company's then-current rates and policies. Licensee will provide the necessary resources and staff in a timely manner to: provide adequate requirements services (if purchased); attend training (if required); provide data in a standard format (if data import services are purchased); secure licenses to third-party products (if applicable); support the required integrations (if purchased); and administer the system successfully.

2.6 Data Backups and Extracts. "Backups" are defined as the standard data backup services provided by Company. Company will use commercially reasonable efforts to ensure the reliability of Backups; however, Company cannot guarantee or warrant any specific level of service as related to Backups. In the event of a major disaster, recovery actions begin upon declaring a disaster and total recovery may take between twenty-four (24) and seventy-two (72) hours commensurate with the level of disaster. At Licensee's request, but no more than once annually, Company will provide one (1) data extract or full restore within fifteen (15) days after such request in writing or otherwise as agreed to in writing between Parties. Additional extracts or restores may be purchased separately.

3. TERM AND TERMINATION

3.1 Term. The initial term of this Agreement shall be twelve (12) months from the date of Activation unless terminated as provided herein. After the expiration of each annual term, this Agreement will be automatically renewed for successive twelve (12) month terms unless either Party gives notice of its intent not to renew at least thirty (30) days prior to the expiration of the then-current term.

3.2 Termination. After the first twelve month term, Licensee may terminate this Agreement for any reason with thirty (30) days' written notice to Company. Either Party may terminate this Agreement immediately upon a material breach by the other Party that has not been cured within thirty (30) days after receipt of notice of such breach.

3.3 Effect of Termination. Upon termination or expiration of this Agreement:

(a) Company may immediately cease providing the SaaS Services and all license rights granted to Licensee under this Agreement shall terminate;

(b) Licensee shall pay to Company all amounts due for Services provided prior to the date of termination for which Company has not yet been paid. If Company terminates this Agreement due to a breach by Licensee, Company may also recover from Licensee any charges and costs for damages Company may have sustained due to Licensee's breach, including but not limited to reasonable attorney's fees and collection fees;

(c) Unless terminated due to a breach by Licensee, Company shall refund to Licensee any pre-paid, unused license fee amounts for the prorated License fees of the contract term remaining, less any amounts due to Company by Licensee as per subsection (c); no refunds are available for any custom sticker purchases after the designs are approved, and

(d) Company will retain Licensee's data for thirty (30) days after termination; thereafter, Company may decommission and purge Licensee's data. Within fifteen (15) days after the effective date of the termination, or otherwise as agreed to between the Parties in writing, Company will provide one (1) extract of Licensee's data to Licensee.

4. PRICING AND PAYMENT

4.1 Invoicing and Payments. Licensee will be invoiced for license fees, annual fees, and the one-time deployment fee upon Activation if specified in Exhibit A or on applicable order form. For usage plan pricing (such as per facility, per location, per user, or other per use limits) as stated in Exhibit A (or applicable order form), Company shall invoice Licensee for the total amount of the committed plan in the amounts and quantities specified in Exhibit A. For usage that is over the volume specified in Exhibit A, Company may invoice Licensee at the current plan's unit price specified in Exhibit A for the usage levels that month that exceed the current plan specified in Exhibit A.

Pricing for license fees and other annualized fees during the first twelve (12) months will remain fixed at rates specified in Exhibit A based on volume purchased. Rate increases (if any) for license fees and annualized fees after the first twelve (12) months are capped and will not exceed consumer price index as published by the United States Bureau of Labor Statistics or seven percent (7%) per year (whichever is greater), which shall include increasing disk space / data usage in the Licensee's database, continued backups of Licensee data, new system features for licensed modules, system patches, support, data center improvements, overhead, changes to improve system performance, and replacement of aging hardware. After the first twelve (12) months, Company may increase its charges upon thirty (30) days' notice via invoice subject to any rate cap set forth herein.

All pricing and currency amounts are expressed in United States Dollars. Payment is due within thirty (30) days of Licensee's receipt of any valid invoice from Company. Unless expressly provided otherwise, all fees paid by Licensee are non-refundable.

4.2 Past Due Payments. Licensee is in material breach of this Agreement, and Company may suspend or terminate the SaaS Services, if payments for valid invoices are not made in accordance with the payment terms stated herein. Suspension of the SaaS Services shall not release Licensee of its payment obligations under this Agreement. Interest charges of 1.50% per month (or the highest rate permissible under law, if less) may accrue daily on amounts not received when due.

4.3 Tariff/Tax Applicability. In the event that any items ordered by Licensee are or become subject to a tax or tariff, Licensee will pay or reimburse Company for any tariff fees, taxes, and other charges imposed as a result of this Agreement, including sales and use taxes, duties, or levies imposed by any authority, government, or government agency (excluding taxes on real estate owned by Company or taxes levied on Company's net income).

5. TITLE AND LICENSING

Except for the license granted hereunder, this Agreement does not and shall not be construed as transferring ownership rights, title to, or interest in the Licensed Software, Documentation, or any related materials to Licensee or to any third party. Content provided by third-parties via the Licensed Software or Services may be subject to additional terms (or click through terms).

5.5 Limitations of Use – AI. Licensee may not use any artificial intelligence ("AI") products or services included in or incorporated within the Licensed Software for the following: (i) as part of an automated decision-making process with legal effects, unless the final decision is made by a human being; or (ii) to provide advice that would normally be provided by a licensed professional, including but not limited to legal, medical, or financial advice.

5.6 Feedback. Company may use any communications or materials provided by Licensee or its employees or affiliates suggesting or recommending changes to the Services, new features, or functionality related thereto, or any comments, questions, suggestions, or the like ("Feedback"). Licensee hereby grants to Company a royalty-free, irrevocable, perpetual license to use, for any purpose and without any attribution or compensation, any ideas, know-how, concepts, techniques, or other intellectual property rights contained in the Feedback. Nothing in this section requires Company to use Feedback in any way.

6. LICENSEE RESPONSIBILITY

6.1 Unauthorized Disclosure or Use. Licensee agrees not to use or perform any process, program, or tool for the purposes of guessing passwords, denial of service attacks, develop competitive products, or to make unauthorized attempts to access or compromise the Licensed Software, other systems, or networks, or other processes that may impact the security or integrity of the Licensed Software. Licensee agrees to use reasonable efforts to prevent and protect the Licensed Software and Documentation from unauthorized disclosure or use. Licensee shall notify Company within twenty-four (24) hours of any known or suspected unauthorized disclosure or use. Licensee acknowledges that Company will assist local, state/provincial, and federal authorities in the prosecution of any illegal activities.

6.2 Harmful Code, Malware, and Viruses.
